

AIR QUALITY PERMIT NOTICE
Draft Federally Enforceable/Conditional Major
Operating Permit F-06-040
ArvinMeritor
Source I.D. 21-073-00051

The ArvinMeritor Company has applied to the Kentucky Division for Air Quality for a permit to operate a motor vehicle parts and accessories manufacturing facility at 88 Steadmantown Lane, Frankfort, Kentucky. The plant is classified as a Conditional Major source due to its having potential emissions of a criteria pollutant greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the draft permit should shortly become available at <http://www.air.ky.gov/permitting/>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

Division for Air Quality, 803 Schenkel Lane, Frankfort, KY 40601; Division for Air Quality Frankfort Regional Office, 643 Teton Trail, STE B, Frankfort, KY 40601

The Division is soliciting comments on the draft permit and affording the opportunity for a public hearing. To be considered, any written comments or requests for a public hearing must be postmarked within 30 days following the date of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Rick S. Shewekah at (502) 573-3382 or email at Rick.Shewekah@ky.gov.
